THE PERFECT PLACE TO BE A LOCAL.

Nashville is considered **one of the best places to live in America**, and Lipscomb is at the center of it all! Our community is in the thriving Green Hills neighborhood, giving you close proximity to all Nashville has to offer. When you're not in class, you could lounge in Centennial Park, browse the Frist's latest art exhibit, cheer on the Preds from center ice or catch a show at the Ryman. Some of those activities will be part of your classroom experience, too.

We believe that **experience is the best teacher**. That's why on any given day, your classroom could relocate to the Country Music Hall of Fame or the Sound Emporium recording studio. Your professors might take you to lobby at the Tennessee State Capitol or minister to the community with local church planters. The city's most renowned business leaders could be guest lecturers in your entrepreneurship class—or they might teach it all semester. In a city like Nashville, there's no shortage of opportunity.

A leading city for health care, technology and finance, as well as music and entertainment, Nashville was ranked the **No. 2 hottest job market in the nation** by The Wall Street Journal, making it an ideal destination for life after college. Follow in the footsteps of other Lipscomb students and intern at prestigious companies in town like **Sony Music, HCA, Nissan** or **Deloitte**.

95% of our students are placed in jobs or graduate school within six months of graduation.
